

School Accountability Report Card Reported for School Year 2002-2003

Published During 2003-2004

Notes regarding the source and currency of data:

Data included in this School Accountability Report Card (SARC) are consistent with State Board of Education guidelines, which are available at the California Department of Education Web site at <http://www.cde.ca.gov/ope/sarc/data.htm>. Most data presented in this report were collected from the 2002-03 school year or from the two preceding years (2000-01 and 2001-02). Due to the certification timelines for graduation, dropout, and fiscal information, the data for these sections of the report were collected in 2001-02. A glossary of terms is available at <http://www.cde.ca.gov/demographics/glossary>.

School Description and Mission Statement

Evergreen High School is an independent study school serving grades 9-12 in Eastern Madera County. It is a part of the Yosemite Joint Union High School District and is located adjacent to Yosemite High School in Oakhurst. Evergreen has one classroom. There is a kitchen, restroom and a nursery for the students' babies. The students have access to computers in the classroom and use them on a regular basis to complete their assignments. There are also laptop computers available for the students to check out to take home. The computers are connected to the Internet. Students transfer to Evergreen High School from Yosemite High School for a variety of personal reasons; some remain at EHS and graduate from there; others return to YHS to complete their schooling. Students spend a portion of one day a week at the school; the rest of their work is done at home. They are able to call the teachers on an as-needed basis and they can also communicate with them via e-mail.

There is a play area at the school for the children of the students. The equipment was donated by a local resident. Community volunteers baby-sit for the young children while their mother or father is at school.

District Vision Statement

Connecting all students with their past, present, and future, the Yosemite Joint Union High School District will be a community of responsible young adults cooperatively learning creative problem solving skills to help them achieve their full potential as life-long learners, citizens, and workers.

THROUGH INVOLVEMENT IN THE ACADEMIC CURRICULUM AND SOCIAL PREPARATION IN THE YOSEMITE JOINT UNION HIGH SCHOOL DISTRICT, STUDENTS WILL DEMONSTRATE THE ABILITY TO:

1. *Understand and value one's self, others, and our common heritage.*
2. *Communicate appropriately and effectively.*
3. *Be able to solve problems independently and as a group.*
4. *Be responsible decision-makers.*
5. *Define and value aesthetics.*
6. *Appreciate and value culture and environmental diversity and relationships.*
7. *Acquire, process, and utilize information using appropriate technology and other resources.*
8. *Be productive, active, ethical contributors to themselves, their families, communities, nations, and the world.*
9. *Develop a professional work ethic and sense of purpose.*
10. *Be life-long learners.*

Opportunities for Parental Involvement

Contact Person Name	Roberta Tackett	Contact Person Phone Number	559-683-8801 ext. 241
----------------------------	------------------------	------------------------------------	------------------------------

Parents are welcome to be involved in any activities at EHS. They are encouraged assist their student in any way possible to help them be a successful independent study student. They are invited to attend the oral presentation of the Senior Project each student is required to complete as a graduation requirement.

I. Demographic Information

Student Enrollment, by Grade Level

Data reported are the number of students in each grade level as reported by the California Basic Educational Data System (CBEDS).

Grade Level	Enrollment	Grade Level	Enrollment
Kindergarten	0	Grade 9	5
Grade 1	0	Grade 10	20
Grade 2	0	Grade 11	17
Grade 3	0	Grade 12	26
Grade 4	0	Ungraded Secondary	0
Grade 5	0		

Grade 6	0		
Grade 7	0		
Grade 8	0		
Ungraded Elementary	0	Total Enrollment	68

Student Enrollment, by Ethnic Group

Data reported are the number and percent of students in each racial/ethnic category as reported by CBEDS.

Racial/Ethnic Category	Number of Students	Percent of Students	Racial/Ethnic Category	Number of Students	Percent of Students
African-American	0	0.0	Hispanic or Latino	3	4.4
American Indian or Alaska Native	3	4.4	Pacific Islander	0	0.0
Asian	0	0.0	White (Not Hispanic)	62	91.2
Filipino	0	0.0	Multiple or No Response	0	0.0

II. School Safety and Climate for Learning

School Safety Plan

Date of Last Review/Update	2003	Date Last Discussed with Staff	2003
-----------------------------------	-------------	---------------------------------------	-------------

Evergreen High School maintains a safe and positive learning environment. Students are on the campus one day a week with varied schedules. Because of the limited amount of time each student spends at the site, there is not a lot of opportunity for interaction. The climate for learning is very positive. Students work one-on-one with their teacher and they receive a lot of encouragement and positive reinforcement. The students are very focused and self motivated.

School Safety Plan

Key elements of the School Safety Plan include:

- A. Personal Characteristics of Students and Staff
 1. Goal: To help students overcome alcohol and other drug abuse.
 2. Activities: Create a program to help students with their substance abuse. Students may attend smoking cessation programs and may meet with a counselor to deal with substance abuse issues.
- B. School's Physical Environment
 1. Goal: To increase the safety of the campus at night.
 2. Activities: Outside lights have been installed
- C. School's Social Environment
 1. Goal: To increase participation and involvement.
 2. Activities: Get parents more involved in the school through field trips and various activities.
- D. School's Culture
 1. Goal: To enhance student affiliation and bonding.

2. Activities: Plan group activities of a social nature.

The school has made excellent progress in meeting these key goals. Staff and students will be surveyed early in the 2003-04 school year and the School Safety Plan will be revised and updated as needed.

School Programs and Practices that Promote a Positive Learning Environment

EHS is a small school with a high staff/student ratio. Because so much of the work is one-on-one with a teacher, the students develop a close relationship with that teacher. There is very much an atmosphere of mentoring that the students find rewarding. Each student has their own education plan and the staff works with him or her to assure their success. Students know what work they must accomplish in a semester and they work at their own pace to complete the assignments. Students must assume a great deal of responsibility for their own education, however they do receive considerable support from the staff.

Suspensions and Expulsions

Data reported are the number of suspensions and expulsions (i.e., the total number of incidents that result in a suspension or expulsion). The rate of suspensions and expulsions is the total number of incidents divided by the school's total enrollment as reported by CBEDS for the given year. In unified school districts, a comparison between a particular type of school (elementary, middle, high) and the district average may be misleading. Schools have the option of comparing their data with the district-wide average for the same type of school.

	School			District		
	2001	2002	2003	2001	2002	2003
Number of Suspensions	0	2	0	48	50	10
Rate of Suspensions	0	2.9%	0	3.8	3.6	<1%
Number of Expulsions	0	0	0	1	0	0
Rate of Expulsions	0	0	0	<1%	0	0

School Facilities

Evergreen High School is a large modular facility that is located on property adjacent to Yosemite High School. There are several work areas in the building. Separate areas include a kitchen, restroom and nursery for the students' babies. There is also an outside play area for the children that was donated by an area resident.

III. Academic Data

Standardized Testing and Reporting (STAR)

Through the California Standardized Testing and Reporting (STAR) Program, students in grades 2-11 are tested annually in various subject areas. Currently, the STAR program includes California Standards Tests (CST) in English-language arts and mathematics in grades 2-11, science and history/social science in grades 9-11, and a norm-referenced test, which tests reading, language, and mathematics in grades 2-11, spelling in grades 2-8, and science in grades 9-11.

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. Student scores are reported as performance levels. The five performance levels are Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient or Advanced level meet state standards in that content area. Detailed information regarding results for each grade and proficiency level and the percent of students not tested can be found at the California Department of Education Web site at <http://star.cde.ca.gov> or by speaking with the school principal. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*

CST - All Students

Data reported are the percent of students achieving at the proficient or advanced level (meeting or exceeding the state standard).

Subject	School			District			State		
	2001	2002	2003	2001	2002	2003	2001	2002	2003
English Language Arts	11	12	17	35	43	49	30	32	35
Mathematics		0	4		26	32		31	35
Science		5			27	46		30	27
History/Social Science		16	17		34	37		28	28

CST - Racial/Ethnic Groups

Data reported are the percent of students achieving at the proficient or advanced level (meeting or exceeding the state standard).

Subject	African-American	American Indian or Alaska Native	Asian	Filipino	Hispanic or Latino	Pacific Islander	White (not Hispanic)
English Language Arts							19
Mathematics							5
Science							
History/Social Science							15

CST - Subgroups

Data reported are the percent of students achieving at the proficient or advanced level (meeting or exceeding the state standard).

Subject	Male	Female	English Learners	Socioeconomically Disadvantaged		Students With Disabilities		Migrant Education Services
				Yes	No	Yes	No	
English Language Arts	11	20			18		18	
Mathematics		5			4		4	
Science								
History/Social Science	20	15			13		17	

Norm-Referenced Test (NRT)

Reading and mathematics results from the Norm-Referenced Test (NRT), adopted by the State

Board of Education (this was the Stanford 9 test up until 2003, but was changed to the California Achievement Test, Sixth Edition for 2003), are reported for each grade level as the percent of tested students scoring at or above the 50th percentile (the national average). School results are compared to results at the district and state levels. Detailed information regarding results for each grade level can be found at the California Department of Education Web site at <http://star.cde.ca.gov/> or by speaking with the school principal. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*

NRT - All Students

Data reported are the percent of students scoring at or above the 50th percentile.

Subject	School			District			State		
	2001	2002	2003	2001	2002	2003	2001	2002	2003
Reading	37	33	26	49	48	65	44	45	43
Mathematics	36	20	26	61	56	58	53	55	50

NRT - Racial/Ethnic Groups

Data reported are the percent of students scoring at or above the 50th percentile.

Subject	African-American	American Indian or Alaska Native	Asian	Filipino	Hispanic or Latino	Pacific Islander	White (not Hispanic)
Reading							26
Mathematics							28

NRT - Subgroups

Data reported are the percent of students scoring at or above the 50th percentile.

Subject	Male	Female	English Learners	Socioeconomically Disadvantaged		Students With Disabilities		Migrant Education Services
				Yes	No	Yes	No	
Reading	6	35			27		26	
Mathematics	22	28			25		26	

Local Assessment

Data reported are the percent of students meeting or exceeding the district standard.

No data available for Evergreen High School

Grade Level	Reading			Writing			Mathematics		
	2001	2002	2003	2001	2002	2003	2001	2002	2003
9									
10									
11									
12									

California Physical Fitness Test

Data reported are the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards). Detailed information regarding the California Physical Fitness Test may be found at the California Department of Education Web site at <http://www.cde.ca.gov/statetests/pe/pe.html>. *Note: To protect student privacy, scores are not*

shown when the number of students tested is 10 or less.

No data are available for this section

Academic Performance Index (API)

The **Academic Performance Index (API)** is a score on a scale of 200 to 1000 that annually measures the academic performance and progress of individual schools in California. On an interim basis, the state has set 800 as the API score that schools should strive to meet.

Growth Targets: The annual growth target for a school is 5 percent of the distance between its Base API and 800. The growth target for a school at or above 800 is to remain at or above 800. Actual growth is the number of API points a school gained between its base and growth years. Schools that reach their annual targets are eligible for awards. Schools that do not meet their targets and have a statewide API rank of one to five are eligible to participate in the Immediate Intervention/Underperforming Schools Program (II/USP), which provides resources to schools to improve their academic achievement. There was no money allocated to the II/USP Program in 2002 or 2003.

Subgroup APIs and Targets: In addition to a schoolwide API, schools also receive API scores for each numerically significant subgroup in the school (i.e., racial/ethnic subgroups and socioeconomically disadvantaged students). Growth targets, equal to 80 percent of the school's target, are also set for each of the subgroups. Each subgroup must also meet its target for the school to be eligible for awards.

Percent Tested: In order to be eligible for awards, elementary and middle schools must test at least 95 percent of their students in grades 2-8 and high schools must test at least 90 percent of their students in grades 9-11 on STAR.

Statewide Rank: Schools receiving a Base API score are ranked in ten categories of equal size (deciles) from one (lowest) to ten (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from one (lowest) to ten (highest) to indicate how well the school performed compared to schools most like it.

API criteria are subject to change as new legislation is enacted into law. Detailed information about the API and the Public Schools Accountability Act (PSAA) can be found at the California Department of Education Web site at <http://www.cde.ca.gov/psaa/api/> or by speaking with the school principal.

Schoolwide API

API Base Data				API Growth Data

Adequate Yearly Progress (AYP)

The federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards-based assessments by 2014. In order to achieve this goal and meet annual performance objectives, districts and schools must improve each year according to set requirements. Data reported show whether all groups of students in the school made Adequate Yearly Progress (AYP). Detailed information about AYP can be found at the California Department of Education Web site at <http://www.cde.ca.gov/ayp/> or by speaking with the school principal.

Groups	School			District

IV. School Completion (Secondary Schools)

California High School Exit Exam (CAHSEE)

Beginning with the graduating class of 2006, students in California public schools will have to pass the California High School Exit Exam (CAHSEE) to receive a high school diploma. The School Accountability Report Card for that year will report the percent of students completing grade 12 who successfully completed the CAHSEE.

These data are not required to be reported until 2006 when they can be reported for the entire potential graduating class. When implemented, the data will be disaggregated by special education status, English language learners, socioeconomic status, gender, and ethnic group.

Dropout Rate and Graduation Rate

Data reported regarding progress toward reducing dropout rates over the most recent three-year period include: grade 9-12 enrollment, the number of dropouts, and the one-year dropout rate as reported by CBEDS. The formula for the one-year dropout rate is (Grades 9-12 Dropouts divided by Grades 9-12 Enrollment) multiplied by 100. The graduation rate, required by the federal No Child Left Behind Act (NCLB), is calculated by dividing the number of high school graduates by the sum of dropouts for grades 9 through 12, in consecutive years, plus the number of graduates.

	School			District			State		
	2000	2001	2002	2000	2001	2002	2000	2001	2002
Enrollment (9-12)	87	71	67	1291	1261	1370	1703492	1735576	1772417
Number of Dropouts	2	4	7	7	6	10	47282	47899	48454
Dropout Rate (1-year)	2.3	5.6	10.4	0.5	0.5	0.7	2.8	2.8	2.7
Graduation Rate	86.2	87.0	70.4	96.3	98.9	95.2	85.9	86.7	86.9

V. Class Size

Average Class Size and Class Size Distribution

Data reported are the average class size and the number of classrooms that fall into each category (i.e., number of students), by grade level, as reported by CBEDS.

Since EHS is an independent study school, there are not class sizes or class size distribution. Students are at school one day a week at scheduled times. Teachers give individual attention to each student.

Average Teaching Load and Teaching Load Distribution

Data reported are the average class size and the number of classrooms that fall into each size category (i.e., number of students), by subject area as reported by CBEDS.

There are 3 FTE certificated teachers at EHS. Enrollment varies from about 70 to almost 100 throughout the year. Students are at school one day a week on a pre-set schedule.

VI. Teacher and Staff Information

Teacher Credentials

Data reported are the number of teachers (full-time and part-time). Each teacher is counted as '1'. If a teacher works at two schools, he/she is only counted at one school. Data are not available for teachers with a full credential and teaching outside his/her subject area.

	2001	2002	2003
Total Teachers	4	4	4

Teachers with Full Credential (full credential and teaching in subject area)	4	4	4
Teachers Teaching Outside Subject Area (full credential but teaching outside subject area)			
Teachers with Emergency Credential (includes District Internship, University Internship, Pre-Interns, and Emergency Permits)			
Teachers with Waivers (does not have credential and does not qualify for an Emergency Permit)			

Highly Qualified Teachers

The No Child Left Behind Act (NCLB) requires local educational agencies (LEAs) to report specific data regarding highly qualified teachers. As of December of 2003, the State Board of Education (SBE) had not approved a definition for use in reporting data pertaining to highly qualified teachers. Therefore, the requirement that LEAs include these data will not apply to reports published during the 2003-04 school year.

The State Board of Education is scheduled to approve a definition for "highly qualified teacher" in 2004. Once approved, LEAs will be required to use the definition to provide data on report cards published during the 2004-05 school year.

Professional Qualifications of Teachers

Data to be reported in 2004-05

Teacher Evaluations

Teacher evaluation is an on-going process because of the size of the school. The principal is in the classroom on a frequent basis, observing the teacher in many and varied circumstances. A formal evaluation is prepared annually.

Substitute Teachers

During the 2002-03 school year there were several days when substitute teachers were not available. Other teachers on staff or administrators covered classes. In an effort to increase the number of substitute teachers in our pool, the Board increased the salary for long-term commitment in the same assignment. The pay scale for substitute teachers is:

\$65	1-5 days
\$70	6-10 days
\$80	11-15 days
\$90	16-20 days
\$100	21 or more days

Counselors and Other Support Staff

Data reported are in units of full-time equivalents (FTE). One FTE is defined as a staff person who is working 100 percent (i.e., full time). Two staff persons who each work 50 percent of full time also equals one FTE.

EHS students have access to all district support staff, including a librarian, part-time nurse, and other employees of the Madera County Office of Education.

There are no academic counselors at EHS. However, these students have transferred to EHS from Yosemite High School where they had access to the two counselors on staff. The teachers and principal assist students with their academic issues.

VII. Curriculum and Instruction

School Instruction and Leadership

The entire alternative education staff meets once a month with the principal. They discuss curriculum, testing, senior projects, grants, technology and other issues that are pertinent. The principal visits each of the alternative schools on a regular basis to meet with the staff and with the students, as needed.

The principal oversees the school instruction and provides the leadership for the school.

Professional Development

Facilitating continued positive professional growth for all teachers is a top priority for the Yosemite Joint Union High School District. The district budgets in excess of \$75,000 annually to support professional development. Each teacher and administrator is responsible for developing his/her own professional development plan. Teacher plans are aligned with the California Standards for the Teaching Profession. This process calls for teachers to specify the kinds of inservice, coursework, or conferences that will help them address student instructional needs identified by student assessments. The district is committed to helping each teacher obtain the kind of training he/she feels is necessary to achieve these objectives.

Staff development days for the past three years were:

1999-0	2
2000-1	2
2001-2	2

Quality and Currency of Textbooks and Other Instructional Materials

Students at EHS have access to computers in the classroom that are connected to the Internet. The teacher uses video material to supplement lessons. The fine arts program is an example of the use of video material at EHS. The Ahwahnee High School teacher videotaped art lessons given by the Yosemite High School art teacher; these videos are used as art lessons for EHS and other alternative education students.

Because of the emphasis on aligning curriculum with local and state content standards, new textbooks and other instructional materials must be aligned with these standards. Board policy has been strengthened to provide a clear process for selection of instructional materials. Textbook adoption committees composed of teachers, parents, students and feeder school teachers make recommendations regarding instructional materials. Criteria for selection includes reading level, organization, age

appropriateness, and most importantly, alignment with the content standards.

Instructional Minutes

The California *Education Code* establishes the required number of instructional minutes per year for each grade. Data reported compares the number of instructional minutes offered at the school level to the state requirement for each grade.

Evergreen High School students are assigned 300 minutes of work per day, for 180 days per year. This totals 54,000 minutes per year. The state requirement is 32,940 minutes per year. The students do not spend the 300 minutes per day in class, but are assigned work that requires that amount of time. Attendance is based on completion of work.

Grade Level	Instructional Minutes	
	Offered	State Requirement
9	54,000	32,940
10	54,000	32,940
11	54,000	32,940
12	54,000	32,940

Total Number of Minimum Days

Not applicable to Evergreen High School as an independent study school.

VIII. Postsecondary Preparation (Secondary Schools)

Advanced Placement/International Baccalaureate Courses Offered

The Advanced Placement (AP) and International Baccalaureate (IB) programs give students an opportunity to take college-level courses and exams while still in high school. Data reported are the number of courses and classes offered, and the enrollment in various AP and IB classes. The data for Fine and Performing Arts include AP Art and AP Music, and the data for Social Science include IB Humanities.

No data are available for this section

Students Enrolled in Courses Required for University of California (UC) and California State University (CSU) Admission

Data reported are the number and percent of students enrolled in courses required for UC and/or CSU admission. The percent of students is calculated by dividing the total number of students enrolled in courses required for UC and/or CSU admission by the total number of students enrolled in all courses.

No data are available for this section

Graduates Who Have Completed All Courses Required for University of California (UC) and California State University (CSU) Admission

Data reported are the number and percent of graduates who have completed all courses required for UC and/or CSU admission. The percent of graduates is calculated by dividing the total number

of graduates who have completed all courses required for UC and/or CSU admission by the total number of graduates.

Number of Graduates	Number of Graduates Who Have Completed All Courses Required For UC and/or CSU Admission	Percent of Graduates Who Have Completed All Courses Required For UC and/or CSU Admission
19		

SAT I Reasoning Test

Students may voluntarily take the SAT test for college entrance. The test may or may not be available to students at a given school. Students may take the test more than once, but only the highest score is reported at the year of graduation. Detailed information regarding SAT results may be found at the California Department of Education Web site at <http://www.cde.ca.gov/ope/research/sat/>.

College Admission Test Preparation Course Program

EHS does not have a college admission test preparation course

Degree to Which Students are Prepared to Enter Workforce

Work skills and a positive work ethic are stressed to our students. Classes are geared to job-related skills. Field trips focus on job skills and many of the senior projects are based on career opportunities for students.

Enrollment and Program Completion in Career/Technical Education (CTE) Programs

Data reported are from the *Report of Career-Technical Education Enrollment and Program Completion for School Year 2001-2002 (CDE 101 E-1)*. Data have been aggregated to the district level.

CTE Participants	Secondary CTE Students			Grade 12 CTE Students		
Total Course Enrollment	Number of Concentrators	Number of Completers	Completion Rate	Number of Completers	Number Earning Diploma	Graduation Rate

IX. Fiscal and Expenditure Data

Average Salaries (Fiscal Year 2001-2002)

Data reported are the district average salary for teachers, principals, and superintendents, compared to the state average salaries for districts of the same type and size, as defined by

Education Code Section 41409. The district average principal salary is shown separately for elementary, middle, and high schools, but the state average principal salary is combined.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	34805	34902
Mid-Range Teacher Salary	48269	56622
Highest Teacher Salary	62386	70431
Average Principal Salary (Elementary)		85352
Average Principal Salary (Middle)		
Average Principal Salary (High)	98048	
Superintendent Salary	\$117,676 (\$64,722-YHS; \$52,954 Coarsegold)	114786
Percent of Budget for Teacher Salaries	41.34	38.12
Percent of Budget for Administrative Salaries	4.48	6.10

Expenditures (Fiscal Year 2001-2002)

Data reported are total dollars expended in the district, and the dollars expended per student at the district compared to the state average. Detailed information regarding expenditures may be found at the California Department of Education Web site at <http://www.cde.ca.gov/fiscal/financial/>.

District	District	State Average For Districts In Same Category	State Average All Districts
Total Dollars	Dollars per Student (ADA)	Dollars per Student (ADA)	Dollars per Student (ADA)
\$8276065	\$6761	\$6969	\$6719

Types of Services Funded

Students at Evergreen High School have access to services provided through the district including substance abuse counseling, psychological services and school nurse services. The school works with Madera County Health Department to provide additional services.
