School Description and Mission Statement

This section provides information about the school's goals and programs.

Foothill High School is a Necessary Small School serving grades 9-12 in Eastern Madera County. It is a part of the Yosemite Joint Union High School District and is located in the Yosemite Lakes Park subdivision in Coarsegold. The students have access to computers in the classroom and use them on a regular basis to complete their assignments. The computers are connected to the Internet. Some students are on an independent study program and others attend classes in a two-room portable facility. There are two full-time certificated teachers and one part-time independent study teacher.

District Vision Statement

Connecting all students with their past, present, and future, the Yosemite Joint Union High School District will be a community of responsible young adults cooperatively learning creative problem solving skills to help them achieve their full potential as life-long learners, citizens, and workers.

THROUGH INVOLVEMENT IN THE ACADEMIC CURRICULUM AND SOCIAL PREPARATION IN THE YOSEMITE JOINT UNION HIGH SCHOOL DISTRICT, STUDENTS WILL DEMONSTRATE THE ABILITY TO:

1. *Understand and value one's self, others, and our common heritage.*
2. *Communicate appropriately and effectively.*
3. *Be able to solve problems independently and as a group.*

4. *Be responsible decision-makers.*
5. *Define and value aesthetics.*
6. *Appreciate and value culture and environmental diversity and relationships.*
7. *Acquire, process, and utilize information using appropriate technology and other resources.*
8. *Be productive, active, ethical contributors to themselves, their families, communities, nations, and the world.*
9. *Develop a professional work ethic and sense of purpose.*
10. *Be life-long learners.*

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

Parents are welcome to be involved in any activities at Foothill High School. They are encouraged assist their student in any way possible to help them be successful. They are invited to attend the oral presentation of the Senior Project each student is required to complete as a graduation requirement.

II. School Climate

School Safety Plan

This section provides information about the school's comprehensive safety plan.

July 1, 2006, Yosemite Joint Union High School District and Coarsegold Union School District unified to become Yosemite Unified School District. The safety plans from both districts, and all of the schools in the districts, will be revised for the unified district. A major effort will be made during the early part of 2007 to revise and update the district's safety plan and crisis response plan. The district plans to host a School Safety Summit in February for all of the school districts in the area and all of the emergency services agencies. Using information gathered from the summit, and from meetings with emergency services agencies, the plan will be updated to conform to the National Incident Management System (NIMS) as required by law. In the past, the crisis response plan had conformed to the Standardized Emergency Management System (SEMS), which was replaced by NIMS. In addition to the district crisis response plan, each school will have its own Safe School Plan based on staff and student surveys. These plans will be completed during the spring of 2007. Until the new plans have been completed and approved by the district trustees, the existing plans will guide the schools' safety efforts.

The existing plan is:

Foothill High School maintains a safe and positive learning environment. Students do a lot of one-on-one work with their teacher and they receive a lot of encouragement and positive reinforcement. The students are very focused and self motivated. The high teacher/student ratio and the size of the school make it possible for the students to develop a close relationship with their teacher and with each other which helps create a positive learning environment.

School Safety Plan

Key elements of the School Safety Plan include:

- A. Personal Characteristics of Students and Staff
 - 1. Goal: To increase trust between students and between students and staff.
 - 2. Activities: Have the students do an assignment on trust, what it means, how to build trust and how to maintain trust.
- B. School's Physical Environment
 - 1. Goal: To work with neighboring businesses to create a safe environment.
Activities: Identify the areas students and staff feel encourage crime; assess the threat and develop a plan to reduce the threat. Consult the sheriff's department if needed.

School Discipline Practices

This section provides information about the school's efforts to create and maintain a positive learning environment, including the school's use of disciplinary strategies.

FHS is a small school with a high staff/student ratio. Because so much of the work is one-on-one with a teacher, the students develop a close relationship with that teacher. There is very much an atmosphere of mentoring that the students find rewarding. Each independent study student has their own education plan and the staff works with him or her to assure their success. These students know what work they must accomplish in a semester and they work at their own pace to complete the assignments. Students must assume a great deal of responsibility for their own education; however, they do receive considerable support from the staff.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2003-04	2004-05	2005-06	2003-04	2004-05	2005-06
Suspensions	12	34	46	191	187	167
Expulsions	0	0	0	1	0	1

III. School Facilities

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

The district takes great efforts to assure that all schools are clean, safe and functional. To assist in this effort, the district used the facility survey instrument developed by the State of California Office of Public School Construction. This survey was completed in May 2005. The results of this survey are available at the school office, the district office or on the Internet at www.yosemiteuhsd.com

Age of School Buildings:

Foothill High School is a two-classroom portable facility. The original portable was put on the site in 1982.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

There are currently no emergency facility needs at the school.

Cleaning Process and Schedule:

The director of maintenance, operations and transportation is a member of the district management team and is in daily contact with the operations facilitator and the custodial supervisor to ensure an efficient cleaning process and schedule. The staff works together to ensure a clean and safe school.

Deferred Maintenance Budget:

The district participates in the State School Deferred Maintenance Program which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Recent and current projects at Yosemite High School have included erosion control, asphalt replacement, assistance with the roof replacements and plumbing repairs. New carpeting will be the next project. For the 2005-06 school year, the district budgeted \$54,000 for the deferred maintenance program and we received \$70,000 from the state. This represents less than one percent of the district's general fund budget.

School Facility Conditions Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

IV. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Teachers	School			District

Without Full Credential	0	0	0	1
Teaching Outside Subject Area of Competence	0	0	0	---

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2004-05	2005-06	2006-07
Misassignments of Teachers of English Learners	0	0	0

Core Academic Classes Taught by NCLB Compliant Teachers

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers at the school, at all schools in the

district, at high-poverty schools in the district, and at low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at <http://www.cde.ca.gov/nclb/sr/tq/>.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers
This School	0.0	100.0
All Schools in District	83.0	17.0
High-Poverty Schools in District	0.0	0.0
Low-Poverty Schools in District	28.0	72.0

Substitute Teacher Availability

This section provides information about the availability of qualified substitute teachers and the impact of any difficulties in this area on the school's instructional program.

During the 2005-06 school year, there were several days when substitute teachers were not available. Other teachers on staff or administrators covered classes. In an effort to increase the number of substitute teachers in our pool, the Board increased the salary for long-term commitment in the same assignment. The pay scale for substitute teachers is:

\$82.50	1-5 days
\$87.50	6-10 days
\$92.50	11-15 days
\$97.50	16-20 days
\$102.50	21 or more days

Teacher Evaluation Process

This section provides information about the procedures and the criteria for teacher evaluations.

Probationary teachers shall be evaluated each school year. Generally, permanent (tenured) teachers shall be evaluated at least once every other school year. However, the district, in its discretion, may evaluate a teacher every year or more than once a year, if necessary. If the permanent teacher and his/her evaluating supervisor agree, the permanent teacher shall be evaluated once every five years, but only if the teacher has been employed with the district at least 10 years; is highly qualified under No Child Left Behind; and previous evaluations indicated the teacher was meeting or exceeding standards.

In the case of negative observations, the evaluator shall take positive action to assist the teacher in correcting any cited deficiencies. The teacher has the responsibility to utilize the assistance of the evaluator.

V. Support Staff

Academic Counselors and Other Support Staff

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

***All books in good condition. All students have all textbooks available for their needs and additional books are available for new students. No books are board adopted. There has been a recent change in administration and we are currently revising curriculum; each course is being re-written and new texts proposed. The course descriptions and textbooks will be presented to the board of trustees for adoption in the near future.**

VII. School Finances

Expenitures Per Pupil and School Site Teacher Salaries (Fiscal Year 2004-05)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/ec/> and <http://www.cde.ca.gov/ds/fd/cs/>.

Types of Services Funded

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Students at Foothill High School have access to services provided through the district, including substance abuse counseling, psychological services and school nurse services.

Teacher and Administrative Salaries (Fiscal Year 2004-05)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/cs/> and <http://www.cde.ca.gov/ta/ac/sa/salaries0405.asp>.

Percent of Budget for Administrative Salaries	5.7	6.0

VIII. Student Performance

California Standards Tests

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 10, and 11.

Student scores are reported as performance levels. Detailed information regarding CST results for each grade and proficiency level, including the percent of students not tested, can be found at

California Physical Fitness Test Results

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding the California Physical Fitness Test, and comparisons of a school's test results to the district and state levels, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/pf/>. Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.

No data are available for this section

IX. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks -- Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2003-04	2004-05	2005-06
Statewide	B*	B	B
Similar Schools	B	B	B

*The school did not have a valid API Base and will not have any growth or target information

API Changes by Student Group -- Three Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	Yes
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	No	Yes
Graduation Rate	Yes	Yes

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

X. School Completion and Postsecondary Preparation

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Completion of High School Graduation Requirements

Beginning with the graduating class of 2006, students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2005-06 school year in the 12th grade, this table displays by student group the percent of students who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Due to the state's collection schedule for high school completion data, state level data for this reporting element will not be available for report cards published in the 2006-07 school year. Detailed information about the CAHSEE can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/hs/>. Note: "N/A" means that the student group is not numerically significant.

X. Instructional Planning and Scheduling

School Instruction and Leadership

This section provides information about the structure of the school's instructional program and the experience of the school's leadership team.

<p>The entire alternative education staff meets once a month with the principal. They discuss curriculum, testing, senior projects, grants, technology and other issues that are pertinent. The principal visits each of the alternative schools on a regular basis to meet with the staff and with the students, as needed.</p> <p>The principal oversees the school instruction and provides the leadership for the school.</p>

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Facilitating continued positive professional growth for all teachers is a top priority for the Yosemite Joint Union High School District. The district budgets in excess of \$75,000 annually to support professional development. Each teacher and administrator is responsible for developing his/her own professional development plan. Teacher plans are aligned with the California Standards for the Teaching Profession. This process calls for teachers to specify the kinds of inservice, coursework, or conferences that will help them address student instructional needs identified by student assessments. The district is committed to helping each teacher obtain the kind of training he/she feels is necessary to achieve these objectives.

There were two staff development days each of the past three years.

Instructional Minutes

This table displays a comparison of the number of instructional minutes offered at the school to the state requirement for each grade level.

Grade Level	Instructional Minutes
